Wedding Planning & Music Organisation

YOUR Wedding, YOUR Way.

- Initial chat to discuss your vision for the night: relaxed & romantic, energetic dance party with a lot of bass, or a mix of both.
- Primz Personalised Wedding Run Sheet: A customised plan with formalities (bridal party entrances, speeches, first dance, etc.) which will be tailored to your exact vision. The Run sheet will be editable by you two, us, your Wedding planner (and the MC if applicable) & we'll be there to guide you every step of the way when we go through it in person.
- In-person Meeting (roughly 2 hours) 1-2 months before the Wedding.
- We prefer face-to-face meetings & would ideally like to avoid ONLY online & phone calls where possible when we finalise the details—timings, formalities, wedding games, and music selection for the evening.
- We will happily travel to you because we believe getting to know you both is the key to understanding & executing your vision for the day. After all, you need to trust your DJ to bring that vision to life for the biggest day + biggest party you'll ever throw!
- Ongoing support leading up to your Wedding day: we're here to help with any confusion that may arise or provide suggestions, beyond just music, and we would never charge any thing more for it.
- We understand the stress that a Wedding can bring, and with 70+ Weddings under our belt, we would love to work with you plus your Wedding Planner, to discuss the best ways for your Wedding to run, to take off some of that pressure.

WHAT IS INCLUDED?

Music Selection & Preparation of Personalised Playlists

- Music selection is our top priority, and we aim to customise it to your particular preference. We avoid typical wedding songs unless requested by you of course.
- Before our meeting, we ask my clients to compile two separate playlists (either through Spotify or a general list):
- Playlist 1: Relaxed tunes for earlier in the evening + Dinner (chill R&B/hip hop, alternative/indie, soft rock acoustic, chill house or pop, etc.). Think of your favourite car ride or home playlist!
- Playlist 2: The main party playlist with your favourite dance anthems (songs for you, your friends, and family to sing and dance to).
- You can share as much or as little as you'd like with us. We'll take your playlist as a starting point and include songs in our own music collection that are similar/well known and would complement your preferences perfectly. We create this personalised playlist via our DJ software.
- OR we can just read the room and go with the flow – it's completely up to you!
- As long as there are a few songs in your playlists, we'll take care of the rest in our own time to find songs which match your unique music taste and make sure it all flows seamlessly throughout the night.
